

1st XI:

The 1s had a fantastic season back in the Eastern Premier League following promotion in 2018 where we finished 7th in a highly competitive league. Coupled with this we also reached the Semi Finals of the Scottish Cup for only the 2nd time in our history! The return of Liam Lindsay, coupled with the signings of Garreth Wolmarans and Liam Ferguson, along with a number of others showing up when it mattered, ensured a highly successful season for the 1s, led by captain Jack Mitchell.

Another positive for the 1s was how pivotal younger members of the squad were to the team this season. Ailsa Lister, Jack Lambley and Stuart Lister all made their EPL debuts this season, along with all 3 representing Scotland at age group level. Ailsa went a step further by debuting for the Scottish Women Full side, which is an absolutely fantastic achievement at 15 years old. Jamie King, Liam Lindsay and Jack Mitchell represented the Caley Highlanders full team during the season with Kinger being a mainstay in their side all season.

The 1s ended the season in 7th place in the EPL with 5 wins from 13 games. 3 of the 8 losses were consolation losses showing just how tight and competitive we were this season. There was arguably 5 of the 8 losses there for the taking and unfortunately we fell just short, which is hugely positive and something to work on for next year!

The Scottish Cup run was fantastic as we defeated Meigle, Irvine and 2018 Western Premier League winners Ferguslie all comprehensively on our road to the semi final where we were beaten by a strong Carlton side.

We also reached the semi finals of the Strathmore region Murgitroyd T20 comp beating Strathmore and Aberdeenshire in the previous rounds, only to be beaten by Arbroath in the semis.
